

## Inspiring Objects

The *ID* collection of art hardware by designer **Mukul Goyal** has found its way with people of all ages and backgrounds. Mukul continues to be inspired by people busy with the usual humdrum of their lives and has added more products to this range of objects. Some of the pieces in this collection are ID Shelf, I Love Mirror and Mr Lean Doorstopper. The ID Shelf adorns the wall in the inimitable manifestation of Mukul Goyal's human forms and beautifully holds your prized display pieces. The small size of the shelf is available for Rs 1,460 and the large size is priced at Rs 2,460. The I Love Mirror is reminiscent of that compulsive urge to check oneself out in the mirror! Available in two sizes, this mirror is sure to bring a smile to your face when you see the reflection of yourself in the turn of the head of the mid-stride of the human form. The I Love Mirror small is available for Rs 4,370 and I Love Mirror large is available for Rs 12,835. The last, Mr Lean Doorstopper is leaning on the door opening it for you, and is priced at Rs 1,250.
